

## Project Phase 2

### Team 24

#### Corrections made:

##### - Relationships:

- 1) **COLLABORATIONS:** Not full participation for space agencies (eg: Space agencies which have no missions) and each collaboration corresponds to 1 particular mission (changed constraints).
- 2) **SUPERVISES:** government ambassadors and space ambassadors are 1 entity (ambassador) so we cannot have full participation on either side (government ambassadors cannot be supervised, space agency ambassadors cannot supervise some other ambassador.)
